### Yokohama Mass Meeting Ends in Serious Riot.

### TROOPS ARE IN CONTROL

Meeting Was Held to Protest Against Terms of Peace Treaty But Ends in Riot in Which Policemen and Civilians Were Severely Injured.

Yokohama, (6 p. m.) Sept. 13.—The meeting held yesterday to protest against the terms of the peace treaty was followed by an anti-police demonstration, in which 14 police boxes were burned, 37 policemen injured and two civilians severely hurt.

Troops of infantry are now guarding the foreign consulates, churches, convents and hotels and cavalry are patrolling the streets. One hundred and nineteen arrests have been made up to noon.

It is understood that the riot was incited by agitation from Tokio. Inflammatory placards were placed in the slums Tuesday and were torn down by the police. The mob used many short iron bars and had kerosene ready, showing that it was the work of some organization.

It had threatened to burn the police boxes tonight, which threat has been forestalled by the precautions of the troops. The city is now quiet. No anti-foreign sentiment exists and there is a growing sentiment in the business circles that the rioting is senseless and mischievous and must be strongly suppressed.
